WHAT IS FÖLI?

If you're wondering about the word "föli," you should know that in the southwestern dialect of Finnish, the phrase "ollaän fölissä" means "being on board" or "being involved." What an apt description of public transport, wouldn't you agree?

TRAVEL ANY WHICH WAY

On the streets, Föli is visible in the form of the bright yellow buses and Föli bicycles, or "fölläris." In the summer season, Föli also helps you cross the waves with water buses operating between the Aura River and Ruissalo.

You can ride a Föli bus by showing your travel card to the reader device at the front of the bus or by purchasing a single ticket using a mobile app or with cash from the driver.

Single ticket or bus card?

Single tickets cost €3.00 during the day and €4.00 at night. Night fare hours are 11pm–4am.

A value card is the best option if you use the bus sporadically. The student price, depending on the time of day, is either €1.45, €1.70 or €2.70.

A season ticket is the best option if you use the bus almost every day. The card is valid for a specific period starting from the time that it is first used.

A tupla card initially functions as a value card. If the value of the trips undertaken during a period of 30 days exceeds the price of a season ticket, the card is converted into a season ticket.

All tickets include a two-hour right of transfer, which means that a single fare allows you to use Föli buses and water buses as much as you like for two hours.

Student discount

You are eligible for a student discount if you are a registered resident or living in one of the municipalities of the Föli area.

To take advantage of the student discount, you will need a loadable bus card – these cards are personal and cost €5.

There are no discounts on single tickets.

Student card application forms are available at Föli's service office (Aurakatu 5), Föli's other service points and online. If you start your studies before the age of 20, you can make use of the youth discount instead. You can load the travel card using the online loading service or the mobile app, at Föli service and loading points, in buses and at ticket machines.

You don't need to worry about municipal borders, as the same ticket is valid in the entire Föli area.

EASY TRAVEL WITH THE FÖLLÄRI

Turku also offers city bikes, i.e. Föli bikes. They are often called "fölläris." The use of fölläris is included in the Föli season ticket, which means that by registering as a season ticket user, you gain the right to use the bikes for no extra charge.

Additional information on fölläris and registering as a user:
www.foli.fi/en/citybikes

The system is in use throughout the year

Bike around the clock

Use the bike for up to 30 min without an additional charge

The maximum time of use for the bike is 5 hours at a time

No cash or travel card? Pay your bus fare by phone.

The Föli application allows you to purchase single tickets, travel tickets and mobile season tickets as well as top up your personal travel card.

Single and travel tickets can be paid using the post-payment based Svea payment system, by debit or credit card (Visa and Mastercard), via the phone bill issued by your mobile phone operator and using MobilePay or Masterpass by Mastercard.

Single tickets can be purchased via mobile payment. The mobile payment option does not require you to register to the service.
